

Chameleon 1x2 IP™

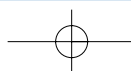

IP66

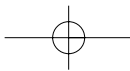

advanced fly control
for demanding areas

PestWest™
FLYING INSECT SCIENCE

the new **Chameleon 1x2 IP™** unit is suitable for areas that are steam-cleaned, hosed down and damp or corrosive environments e.g. dairies, abattoirs and industrial kitchens

- Fully tested and independently safety approved to IP66, offering a high degree of protection against dust and water, thus allowing suitability in demanding environments.
- Chassis and guard construction from 316 marine-grade brushed stainless steel for long life, durability and excellent corrosion resistance.
- 2 powerful 15-watt Quantum BL shatterproof ultraviolet tubes for maximum attraction to protect areas up to 90m² efficiently and safely.
- Reflectobakt® sleeves, fitted on UV tubes to increase attractiveness to insects, significantly slow the drying of the sticky board and allow longer board life.
- Full-size sticky board to effectively catch even the smallest flies.
- Quick and easy tool-free access to the sticky board, UV tubes and starters.
- Interchangeable tubes and glue boards with the rest of the award winning range of Chameleon units (excluding 4x4) to minimise stocking requirements.
- 3-year guarantee (excluding tubes, starters and boards).
- Dimensions: H x W x D: 31cm x 50cm x 10cm
Weight: 6.1kg
